

VAISHALI KONDUR

A prudent, detail-oriented creative communicator. My work moves between three registers: precise technical translation, steady internal communication, and live engagement (scripted and unscripted) . Not tied together by one skill, but by the dogged need to read a room fast, whether that room is a document, or three hundred people waiting for a stage to move again.

EXPERIENCE

Intern, NTM & LDC-IL

Central Institute of Indian Languages

June 23- July 4th, 2025 Mysore, Karnataka

- Translated David Crystal's linguistics glossary into Telugu for the National Translation Mission, applying precise terminology research to ensure cross-linguistic accuracy.
- Recorded and segmented audio data using PRAAT at the Linguistic Data Consortium for Indian Languages (LDC-IL), contributing a completed dataset to CIIL's language archive.

HR Intern

Lokal

December 2022-February 2023 Remote

- Drafted internal, company-wide email communications for employees, alongside designing visual materials in Canva .
- Designed virtual engagement programming to sustain team connection and morale in a fully remote workplace .

Personal Relations Intern

The Gaudium School

June 2020-July 2020 Hyderabad, Telangana

- Acted as a point of contact for parents raising questions or concerns, resolving routine issues directly and flagging others to relevant teams.
- Led campus tours for prospective families, presenting the school to visitors on short notice

Master of Ceremonies & Program/Script Co-ordinator

Interdepartmental Events, University of Hyderabad

2022-2026 Hyderabad, Telangana

- Hosted and moderated large interdepartmental events, including International Mother Language Day (2026), adapting delivery in real time to audience response and live logistics.
- Scripted and ran live event flow end-to-end, writing scripts, restructuring line-ups on the fly, and driving audience energy through any variation of participation

EDUCATION

Integrated Master of Arts, Language Science

Centre for Applied Linguistics and Translation Studies

July 2021 – May 2026 Hyderabad, Telangana

SELECT ACADEMIC WORKS

"Age-Based Variation in Emoji Pragmatics: Interpretation and Intergenerational Miscommunication" (Thesis, 2026) Original research on how digital communication is interpreted differently across age groups

"Constructed Language" (2024): Designed an original constructed language by developing its phonological, grammatical, and lexical systems using Telugu as a base with the incorporation of typological features from multiple languages

"Telugu: A Russian Doll of Dialects" (2024): Compiled and analysed a comparative word list of 50 words from across multiple varieties of the Telugu language to examine regional linguistic variation and diversity

"Dakhini Urdu: A Comparative Study" (2022): Compared the varieties of Dakhini Urdu spoken in Hyderabad and Bangalore, analysing differences in vocabulary, pronunciation, and regional linguistic influence
